1. New Features in Minitab Engage December 2024

Share Reports

Now, anyone can share their own dashboard reports with multiple users without making the reports visible to everyone in the subscription.

2. Problems Resolved in Minitab Engage December 2024

The following issues are resolved in Minitab Engage December 2024.

- User receives a 2149 error when changing variables in the Report Summary. (207628)
- LUM/LUMB is still set to MigrationServices after a migration. (242084)
- User receives a 404 error when editing some ideas with the web editor. (254749)
- Tooltips on pie charts are missing variable names. (264247)

3. Known Problems and Workarounds

Item 1

Creating team members from Address Book on the Team Members & Roles form does not support 64-bit Outlook. (180074)

WORKAROUND: Enter team members manually.

Item 2

Exporting a process map to PDF might crash if the text is bold or italic. (182872)

WORKAROUND: Remove bold and italic formatting before you export to PDF.

Item 3

The desktop app might crash when there are many large images in a Rich Text Box on a form. (182323)

WORKAROUND: Divide the images up among multiple Rich Text Boxes.

Item 4

The Monte Carlo Simulation's "Edit Model" page opens and performs slowly when there are many equations in the model. (182400)

Item 5

Using the calendar's date picker when the regional setting's date format does not follow the western calendar results in the wrong year. (182136)

WORKAROUND: Manually type the date instead of using the date picker.

Item 6

Exporting value stream maps to Word, PowerPoint, or PDF produces an error when a non-process shape exists to the right of the rightmost process shape. (181451)

WORKAROUND: Turn off the Takt Time box or move all non-process shapes to the left or below the rightmost process shape.

Item 7

Copying items on a form when using Remote Desktop causes the application to crash. (178344)

Item 8

On a form, adding a row below an optional section in a layout table causes the application to crash. (182384)

Item 9

The spell checker does not work for non-English default dictionaries in forms and brainstorming tools. (178764)

Item 10

On process maps and value stream maps, when the fill of a shape is a color and the font is set to white, the text is not visible in edit mode. (183145)
